

Single-Cup Coffee Vendor

The Single-Cup Vendor is the newest addition to the MultiMax line of vendors. This vendor features:

Selections: 25 selections.

Capacity: A total of 250 single cup packs.

Quick Servicing: Light-weight, interchangeable cartridge allows the exchange of a fully-stocked cartridge for a depleted cartridge in less than one minute.

Software: The included Multi-max® Firmware generates Excel spreadsheet for recording all returning products and money through the use of Smart Cards and Multi-max® USB stick.

Payment Station: A single payment station can operate up to four vendors. It accepts both bills and coins, with an optional coin changer. It allows free or billable vends through PIN codes or Smart Cards.

Compact Design: 17.5" H x 23" D x 12.4" W

12.4"W

23" D

17.5"H

"We are excited about the opportunity K-Cup® vending can bring to the industry. We encourage all our Keurig Operator Partners to try the Multi-Max system"

Dave Manly, Vice President, Marketing, Keurig, Incorporated
